Ethan Johnson

Producer / Mix Engineer / Songwriter / Creative

Professional Audio Work

Eastedge Studios (2019-2025)

Employed as a sound engineer/producer. Have provided and produced remixes of original compositions, sourced SFX and created foley for games. On multiple occasions I have created original soundtracks / scoring for entire projects. Time based effects including the use of automation was implemented throughout projects to give the consumer an engaging and entertaining gameplay experience. I have also been tasked with creating mixes of music for AMA intros, creating short informational videos surrounding the crypto space, and editing advertisements. Also responsible for creative brainstorming and design work.

Wylie High School Drill Team (2022-2022)

Employed by the drill team coach at Wylie High school to remix "Hedwigs Theme" from Harry Potter for a national dance competition.
